The new project in one of the most popular areas among tourists from all over the world, Rawai, offers elegant villas designed in a blend of Thai-European style. Each villa comes with its own private pool and territory, ensuring tranquility and safety in harmony with the surrounding nature.

A significant advantage is the possibility of installment payments at a reasonable property cost (prices starting from 9.4 million Thai Baht). The project offers off-plan villas with completion within 18 months from the moment of paying 40% of the villa's cost.

Located in a secluded spot surrounded by lush forests and mountains, the project remains in close proximity to all the infrastructure of the popular tourist areas of Nai Harn and Rawai. This makes the project suitable for both permanent residence and short-term vacations in Phuket.
