Botanica Luxury holds the most desirable address in Phuket and will recognize 21 elite residences with bespoke villa designs and usable areas of 265 – 700 square meters to accommodate up to five bedrooms.

The pristinely manicured Bangtao/Laguna neighborhood hosts numerous family oriented activities and is dotted with a plentitude of boutique shops and restaurants along this 8 km stretch of white sand.

Each Botanica Luxury villa centers around a natural stone tiled swimming pool with a free-flowing floorplan that is capped by a vaulted, teak wood ceiling and framed by concertina glass doors. The transom windows above these glass doors give added light and elegance to the main area of the home. To celebrate the idyllic outdoor ambience the eave has been overextended to create an added lounge or dining area on the terrace which is supported by striking pillars. The grand tile flooring in the front room matches that on the terrace for a seamless transition to the outdoors. Botanica Luxury is the grandest design by AAP Architecture who have been developing private homes on Phuket for over twelve years and have applied architectural genius into creating a sanctuary living environment filled with calmness and mountain scenery.

For the investor, a villa of the Botanica Luxury caliber can guarantee five years of rental income, through short term holiday lettings. A Reception office and Café at the main entrance to this estate will be operated by an established Tour Operator which will manage all aspects of the holiday rentals for an effortless return on the investment. Please review our summary of the five year Rental Program.

The Botanica Luxury estate offers a custom built residence that will take approximately twelve months to construct. AAP Architecture offers flexible payment plans to support overseas buyers. Our standard payment schedule is linked to the completed stages of your new home construction.
