This project consists of a 2 units pool villa: Villa Pablo and Villa Paloma. Each villa has 5 bedrooms, and 5 bathrooms that deliver happiness with various amenities such as a private swimming pool, garden, poolside relaxing sitting area, etc. The villa's interior is stunning, with a different decorating style for each room. Villa Pablo is themed with memorabilia, including a collection of signed shirts from world-famous football players such as Pele, Maradona, and Beckham, while Villa Paloma is inspired by the Hollywood legend Jayne Mansfield in retro 1950s style. Furthermore, the project includes a private FIFA-approved mini football 5-a-side pitch with complete floodlights where coaching courses and training can be arranged and is surrounded by a high wall to extend your privacy. Also, be amazed with original tribal graffiti courtesy of Cece Nobr, and the open space is ideal for birthday parties, weddings, and other events.

Picasso Villa was inspired by the famous artist and his daughter. This is also an ideal villa with a modern, minimalist design. The living area is light and airy, with plenty of natural light coming in through the large windows that open to the pool. The residents will enjoy the natural surroundings. Furthermore, the villa uses only high-quality materials and features with premium furniture. In addition to daily service from professional chefs and housekeepers, the villa offers various activities such as Thai cooking classes, spa treatments, private football training, etc. Let Picasso Villa be a place where you can share the joy with your family and the most important moment in your life. Both villas are currently for sale. The one who chooses to buy both will receive a significant bonus from the owner!
