Introducing HIMMAPANA VILLAS - GRAND VALLEY, a new project offering seven exclusive luxury pool villas designed in a modern tropical style. Our villas feature 3, 4, and 5 bedrooms, all designed with spacious living areas and large build-up. This design approach creates ample room for relaxation, both indoors and outdoors. Each villa is surrounded by its own stunning tropical garden.

Situated in the heart of Kamala on Phuket's west coast, HIMMAPANA VILLAS - GRAND VALLEY is conveniently located less than 30 km south of Phuket International Airport. Kamala itself is a perfect blend of the turquoise Andaman Sea and the lush jungle on the mountainside. Our exclusive villas are nestled in a peaceful area that embraces both locals and foreigners. Additionally, the renowned Kamala Beach, along with various shops and restaurants, is just a short drive away.

Developed and managed by PRAYARACHAI CO., LTD, HIMMAPANA VILLAS - GRAND VALLEY offers villas for both investment purposes, including rental programs, and residential purposes.
