## Key Features:

- Size: 68 square meters.
- Location: Part of the modern Space Cherngtalay condominium, an 8-story complex in Phuket.
- Layout: Thoughtfully designed two-bedroom apartment, offering ample living space.

## Interior and Comfort:

- Living and Dining Area: A spacious, open-plan area that seamlessly blends living and dining spaces, perfect for relaxation and entertaining.
- Kitchen: A fully equipped, modern kitchen with high-quality appliances and ample storage space.
- Bedrooms: Two comfortable bedrooms, each designed for privacy and tranquility, with the master bedroom often featuring an en-suite bathroom.
- Bathrooms: Well-appointed bathrooms with modern fixtures and fittings.
- Balcony: A sizable balcony extending from the living area, offering outdoor space for relaxation and enjoying the view.

## Amenities and Facilities:

- Security: Enhanced security with 24-hour surveillance and controlled access, ensuring a safe living environment.
- Community Facilities: Access to the development's fitness center, large swimming pool, sauna, and landscaped gardens.
- Co-working Space: A dedicated area for remote working or studying, fully equipped and conducive for productivity.
- Location Benefits: Close proximity to local attractions, beaches, shopping centers, and dining establishments.

## Ideal For:

- Families or couples seeking a spacious and modern living space in Phuket.
- Individuals looking for a comfortable home with ample room for guests or a home office.

## Space Cherngtalay Project Description:

The new Space Cherngtalay condominium is under construction in Cherngtalay, Phuket. This 8-story complex will consist of 170 apartments of various sizes: studios approximately 26 sqm, one-bedroom apartments around 28-34 sqm, and two-bedroom apartments about 51-67 sqm. The apartments are designed to be comfortable and functional, suitable for a cozy living experience.

Eco-friendly technologies and materials are being used in the construction, aiming to reduce electricity usage. The project includes energy-saving solutions, such as solar panels and natural cooling systems.

Construction started in the first quarter of 2024 and is planned to be completed by the third quarter of 2025.

## Infrastructure:

The complex will feature a fitness center, poolside relaxation area, sauna, co-working space, library, and spacious green areas for leisure.

## Nearby Attractions:

Space Cherngtalay is conveniently located in Cherngtalay, close to popular beaches and tourist spots in Phuket. The area is well-known for its developed infrastructure, including shops, restaurants, and entertainment venues.

## Suitability:

This project is ideal for those seeking modern living in Phuket, including investors interested in profitable rental opportunities, and families who value convenience and proximity to nature and beaches.
