The Title Heritage is a modern resort condominium designed in a memorable neocolonial style, built by one of the leading developers in Phuket, Rhom Bho PLC, the protagonists of one of the island's most significant success stories. The company has made a name for itself with a series of successful Title condominiums.

The primary appeal of Title Heritage lies in its location. The developer managed to acquire a vast plot of over 15 Rai (25,350 sq.m.), just 250 meters from Boat Avenue – an extremely popular area for shopping and dining that has become the focal point of northern Phuket in recent years. Some of the best restaurants, bars, and shops in Phuket are located here. Additionally, the area borders the Porto de Phuket shopping center by Central Group on one side and the entrance to Laguna Phuket on the other. In simple terms, this is where people want to be.

The project itself is a resort with 7 buildings (each with 7 floors), surrounded by pools and greenery. The project stands out for its abundance of communal and green areas: the area designated for facilities is over 6,500 sq.m, and for greenery, it's over 5,800 sq.m. This is part of the Title design philosophy, aiming to create projects where residents feel like they are in a resort – with large pools, hotel-level amenities, and tropical greenery.

The project offers 789 units with various layouts:

- 1-bedroom apartments: 32-62 sq.m
- 1-bedroom plus apartments: 56-64 sq.m
- 2-bedroom apartments: 66-106 sq.m
- Ultra 2-bedroom apartments: 87-145 sq.m
- 3-bedroom apartments: 122-132 sq.m
- Ultra 3-bedroom apartments: 165-190 sq.m

The project offers an amazing range of facilities and amenities, including reception/lobby, library and lounge, conference room, private cinema, gaming and children's zone, co-working, restaurant, business lounge, fitness center, onsen and dressing rooms, beach pool, elderly pool, swimming pool, hydrotherapy pool, children's pool, family area, beach play area, jacuzzi, lazy pool, waterfall, rooftop onsen, vegetable garden, BBQ area, outdoor terrace, outdoor lounge, gazebo with sunken seating, rooftop small pool, rooftop jacuzzi, rooftop swimming pool, yoga platform, rooftop bar, and much more!

Key Features:

- Excellent location just 250 meters from Boat Avenue and Porto de Phuket.
- Rhom Bho, one of the leading developers in Phuket, a listed company with an excellent reputation and a history of successful projects.
- Resort project with impressive infrastructure.
