Ananda Lake View Residential Complex is the perfect opportunity to own your own home in Phuket at a more than affordable price. Villa prices here are the lowest on the island.

The Ananda Lake View complex is characterized by high standards of construction and a prestigious location in close proximity to the most prestigious area of Phuket - Laguna with its magnificent beaches, golf courses, luxury hotels and restaurants. Property owners and guests of Ananda Lake View can enjoy stunning mountain views, and at the same time be within a five-minute proximity to all the benefits of civilization.

The project is favorably located both in relation to the airport - the journey to it will be less than 15 minutes, and in relation to shopping centers. Just a 5-minute drive from it there are three large supermarkets - Tesco, HomePro and Makro.

The Ananda Lake View project is located on a vast area of 80,000 m<sup>2</sup>, in the central part of which there is a picturesque freshwater lake, from which the complex takes its name. The territory of the complex is guarded around the clock, so you and your family will feel completely safe. Homeowners enjoy perks such as a complimentary sports club including a large swimming pool and well-equipped fitness center.

The Ananda Lake View project offers buyers two types of housing to choose from. The first - one-storey two-bedroom villas with an area of 106 m<sup>2</sup>. If you need a bigger house, you can purchase a detached house with three bedrooms and two bathrooms with an area of 162 m<sup>2</sup>. And for those buyers who dream of a home in Phuket that would be truly spectacular, there are premium plots with houses on the lakefront.

Villa prices in Ananda Lake View start from THB 4,000,000, so investing in this particular project is a great opportunity for those who want to become the owner of their own home, and not a condominium apartment. The house is also suitable for those who simply want to spend more time in Phuket, for example, to live here in retirement or spend time in warm Thailand during the cold season at home.
