attention gift!

Each house comes with - solar panels for 10 kW, which will reduce the cost of electricity by 50-65%, making living here even more economical and environmentally friendly;

But that's not all! If you want, you can buy additional batteries and another 10 kW of solar panels, which will reduce your energy consumption by up to 95%, ensuring maximum independence from external energy sources and investing in a sustainable future.

Villa Suksan Phase 5

When we created Villa Suksan®, we were inspired by a simple desire to eliminate everything superfluous, to achieve natural order, tranquility and tranquility. Here you will find everything you need to live in harmony with tropical nature. Thanks to the large windows and plenty of glass you will feel a pleasant unity with the tropical surroundings. A beautiful swimming pool connects the pavilions, casting its light onto the spacious terrace and interiors. The perfect garden, regardless of its size, combines exotic plants and foliage to delight you with greenery throughout the year.

The design of Villa Suksan is based on the tradition of feng shui, a well-known Eastern philosophy whose origins are lost in time. Those who are going to buy a vacation villa are usually trying to escape from the busy life, which almost always takes place within the four walls of an apartment or an office. When we created Villa Suksan, our first goal was to guarantee a direct connection with nature.

Thanks to the large number of windows, the wind literally blows through the walls of the house, thus creating a visual connection to the plants and other natural elements. The bedrooms are separated from the rest of the house; the master bedroom was intentionally placed above the living area, thus creating two separate, yet connected, spaces. The bathrooms have handmade bathtubs. Finally, the soft colors chosen for the interiors and roof, along with the greenery of the beautiful garden, the distinctive blue of the pool and the sound of the waterfall will remind you of the colors and sounds of the sea...
