Indulge in grandeur within the magnificent Triplex condominium which exquisitely mirrors the multi stack living quarters of a cruise ship. Spanning across three floors with the luxury of a private lift. The top level represents the design of a commanding ship, ensuring panoramic views that have you feeling like you reign over the seas. With the stunning private pool and mesmerising views on the top floor, the slumber sanctuaries are tucked away in the lower two levels of serenity. Shining atop at the highest level of the condominium is the Penthouse, with a spacious roof terrace and the best of all views. The enchanting vista of the glittering sea is further enhanced when you admire it from the horizon-level pool. The Penthouses' open-plan design, including a spacious living and dining space, well-appointed kitchen and outdoor terrace, takes cues from the layout of a sea deck, ensuring a seamless connection with the oceanic surroundings.
