Want to know what heaven on earth is? Welcome to Sugar Villa! This premium complex is located in the central west coast of Phuket, 30 minutes from the airport and five minutes from the beautiful Kamala Beach. True luxury in a piece of paradise with unparalleled views of the city and the Andaman Sea.

The complex consists of 6 three-level villas with a living area of 396 sq.m. up to 981 sq. m. At the entrance, guests are greeted by a high waterfall with masonry. On the territory there is a 15x5 infinity pool with jacuzzi. The villas are designed in luxury style: Italian tiles, Indonesian teak furniture, built-in wardrobes from Malaysia and bathroom fixtures from the latest collection from Cotto.

The kitchen is equipped with appliances from the German manufacturer Teka, a wine and oven cabinet, two refrigerators, a dishwasher, a microwave oven and an infrared stove.

The interior of the living room is made in the style of Jackson Pollock's abstract expressionism. The room is equipped with modern technology in the form of a huge plasma panel with an audio system. A large teak dining table and comfortable sofas add to the cozy and stylish ambiance.

The windows in the rooms are decorated with hand-painted Tiffany style stained glass windows. The villa has a wine room and a mini library. For those who cannot tear themselves away from business even while resting, there is a study furnished with chic teak furniture and handmade interior items.

The master bedroom is located on the uppermost level of the villa, with paintings by the unsurpassed Matis on the walls, and Indonesian teak furniture in the interior. The bathroom deserves special attention. An open bathtub, a wall-mounted shower with a multifunctional control panel, memory of several user modes and a comfortable hydromassage - everything here is created for your rest and relaxation.

Next to the villa there is a spacious lawn with a private gazebo, where it is so pleasant to spend warm evenings in private conversation. The villas are also equipped with a Smart Home system, so you can control the security, air conditioning and music system from your smartphone.

Construction will take 10-12 months.

Sugar Villa is your paradise vacation on earth! Come and see for yourself!
